

Print Shop File Guidelines

View [Template Guidelines](#) or use our [Product Templates](#)

File Specifications

All submitted print files must meet the following requirements. If you need assistance, please contact us at signshop@painfulpleasures.com.

File Types: JPG, PNG, PDF, AI, EPS, PSD

File Size: 200KB Minimum

Color Mode: CMYK*

Resolution: 300 DPI

Rich Blacks: 60/40/40/100

*Various factors can influence the final appearance of colors on a printed product, even if your monitor has been calibrated to a specific color profile. Therefore, **100% color accuracy is not guaranteed**.

Artwork Upload Process

Email the full color image for print to signshop@painfulpleasures.com with your order number in the subject line.

We provide a summary on [how to send us your files here](#).

Additional Information

Learn more about print options, including what each paper type, stock, and color options mean in our [Print & Design Information Center](#).

Don't see what you're looking for? We're happy to accommodate your needs. Please send us an email at signshop@painfulpleasures.com with any inquiries or custom requests.
